Art Unit: 1712

1. This application contains claims 1, 5, 8, 16 to 18 and 20 drawn to an invention nonelected with traverse in the response dated January 9, 2003. A complete reply to the final rejection must include cancellation of nonelected claims or other appropriate action (37 CFR 1.144) See MPEP § 821.01.
2. Claims 22, 23 and 25 to 30 are allowed. As noted in the previous office action, the prior art fails to teach or suggest the multi pack release coating compositions as claimed. There is no teaching or motivation to include the particular ingredients in the specific packs as claimed.
3. Claims 31 to 43 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. The Examiner cannot find support in the specification for these particular multi-pack combinations. Applicants' response fails to indicate where such support can be found. Page 14 of applicants' specification teaches the multi-pack combinations in claims 22, 23 and 28 but the specification fails to support these claimed compositions. This is considered to be new matter.
4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.

5. A telephone call was made on 2/6/04 to Patricia Scaduto in an attempt to resolve these issues but the Examiner was unable to reach Ms. Scaduto.

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Margaret G. Moore whose telephone number is 571-272-1090. The examiner can normally be reached on Monday to Wednesday and Friday, 10am to 4pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Vasu Jagannathan can be reached on (571) 272-1119. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
